What Are Metrics?

Triple Bottom Line

ECONOMY	ENVIRO	EQUITY
Number of Jobs Created and/or Retained	Linear Feet of Functioning Riparian Zone	People of Color and Women Entrepreneurs Assisted
Leveraged Third Party Investment	Acres of Land in Sustainable Management	Number of Families Assisted
Added Value of Products Locally Manufactured	Gallons of Water Not in Waste Stream	Local Tenures Supported

Shifting resource-based economies

- Shifting the natural resource value proposition from cash-flow to balance sheet
- Facilitating local control of resource assets *and* ownership of financial risk
- Monetizing eco-system services
